

## SKILLS

Ruby on Rails, React.js, Ruby JavaScript, jQuery, Redux, SQL, Git, HTML5, CSS3

## PROJECTS

### Jangle

[Live Link](#) | [Github](#)

*Single Page Chat Application implemented with React/Redux with Rails*

- Utilized jQuery for smooth connection between React frontend ajax requests and Rails backend database
- Creates Servers with unique Channels to each Server through Rails backend
- Established Rails ActionCable connections for real time message functionality

### DataQ

[Github](#)

*Ruby ORM*

- Interacts with database by creating/updating/deleting records
- Linkable models through associations
- Filters database lookups with .where method

### Lunar Lander

[Live Site](#) | [Github](#)

*Gravity based ship landing game*

- Created with Canvas and HTML for 2D graphic rendering
- Simulates pseudo physics for gravity influenced falling and key inputs
- Differing collision detection based on terrain and ship sprite

## EXPERIENCE

### Acupuncturist

*J&K Medical Center of Palm Beach Inc.*

April 2015 - May 2018

- Diagnosed issues and tailored treatments based on differing/hypothetical cases in end of week meetings to discuss and implement ideas
- Collaborated with coworkers in creating custom protocols to help control or reduce patient symptoms up to 80%
- Handled and simplified office bills by switching to paperless

## EDUCATION

### App Academy (Summer 2018)

- Immersive software development course with focus on full stack web development
- Rigorous program that accepts < 3% of all applicants

### Atlantic Institute of Oriental Medicine (2012 - 2017)

*Specialized school with curriculum based on Acupuncture and Oriental Medicine*

- Intensive 3 year program with 2+ year Doctoral Program, 1300+ clinical hours
